

CASTOR INC.

Motorcycle, All Terrain Vehicles

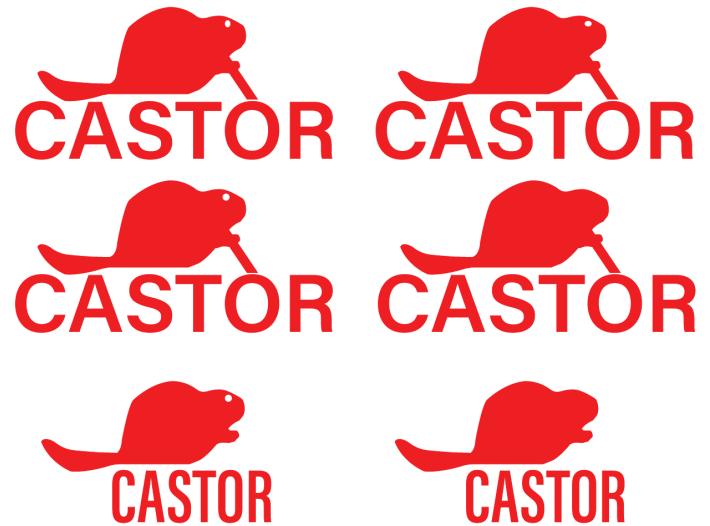

LOGO AND BRAND

BRAND STATEMENT

**Motorcycles for any road condition,
powered by clean sustainable energy.**

Castor is a Canadian motorcycle company founded in 2006, Toronto, Canada. Castor produces electric motorcycles harnessing the potential of solid-state batteries. We believe that motorcycles can be made as practical as cars. Every bike that Castor produces is capable of handling rain, ice, and snow.

4W-GIANT

[CONTACT A DEALER](#)

The 4W-GIANT is the first electric motorcycle in the world to have four wheel gyroscopic drive, each capable of rotating in their own direction. The additional wheels and their capabilities allow this E-bike to ride smoothly under any weather conditions.
